

# Azul Hand Crafted Terracotta

Keramos Tile & Stone

# Azul

## Hand Crafted

## Terracotta

Azul terracotta tiles are crafted by hand and showcase the timeless beauty of natural clay. These tiles are baked to perfection, resulting in a warm, earthy tone with subtle variations that enhance their rustic charm. They come in a variety of shapes, including squares, rectangles, hexagons, and intricate geometric designs, offering versatility for both walls and floors.

When paired with colorful glazed terracotta tiles, the combination opens up endless possibilities for creating stunning patterns and pavings. The natural matte finish of the unglazed tiles provides a perfect contrast to the vibrant, glossy hues of the glazed ones, allowing for artistic expression in any space. Ideal for kitchens, bathrooms, patios, or feature walls, these tiles bring a touch of handcrafted elegance and timeless artistry to both modern and traditional settings.
